BLOWERS**

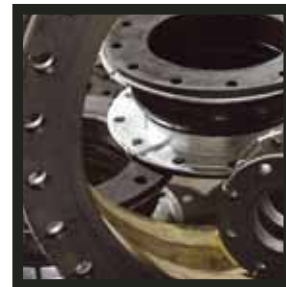

NEW AND RECONDITIONED PARTS, REMANUFACTURED BLOWERS, ACCESSORIES AND SERVICE

Parts

Houston Service Industries stocks a large inventory of new HSI multistage centrifugal blower parts, which are interchangeable with Lamson® and Hoffman® parts. In addition we have the world's largest inventory of used and remanufactured Lamson® and Hoffman® blowers and parts. Our goal is to stock the parts you need which means that we can usually fill your parts order within 24 hours.

Remanufactured Hoffman® and Lamson Blowers®

HSI is the leading aftermarket alternative when it comes to remanufactured Hoffman® and Lamson® multistage centrifugal blowers. At our facility in Houston, Texas, we stock the world's largest supply of surplus Hoffman® and Lamson® blowers and parts. In addition we manufacture new blower parts, which are interchangeable with the Hoffman® and Lamson® parts. We have the engineering capability to diagnose any problem or to size a machine for your application. We fully test all remanufactured blowers before they leave our factory and cover all our blowers, repairs and parts with a one year warranty. We specialize in providing service, deliveries and prices which compare very favorably to our competition. Give us a call and let us show you how we can compete.

Lamson® and Hoffman® are registered trademarks owned by Gardner Denver. There is no affiliation between HSI and Gardner Denver and Gardner Denver does not endorse the remanufacturing of Lamson® and Hoffman® blowers by HSI. Any Gardner Denver warranties are void once the unit has been remanufactured by HSI.

Accessories

In addition to blower parts, we also supply any accessories required in the operation of multistage centrifugal blowers such as motors, controls, filter silencers, filter elements, expansion joints, butterfly valves, check valves, valve actuators, gauges, meters, sensors, couplings, coupling guards, vibration isolation pads and oilers. Many of these items we keep in stock in order to better serve our customers.

Service

When you combine HSI's strong engineering team and experienced technicians with our \$1 million+ parts inventory and state-of-the-art facility you get an unbeatable multistage centrifugal blower service provider. Call us for field repairs, preventive maintenance programs, shop overhauls, blower rerates, controls and accessories upgrades, troubleshooting, blower sizing and failure analysis. We are on call 24 hours a day, 7 days a week to meet our customers' needs.
